Hi Dave,

Did management sign-off on tiering a rule as meeting the NDAA requirement? I seem to recall an email or some communication that confirmed that at least from Tala, not sure what Michal may have said.

"(d) INCLUSION FOLLOWING DETERMINATION.—
(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Administrator shall determine whether the substances and classes of substances described in paragraph (2) meet any one of the criteria described in section 313(d)(2) of the Emergency Planning and Community

Right-To-Know Act of 1986 (42 U.S.C. 11023(d)(2)) for inclusion
in the toxics release inventory.”
